# PIGGY BANK FINANCE:

TEACHING KIDS ABOUT MONEY

[WWW.RIVLIB.NET](http://WWW.RIVLIB.NET)

The Grace Mellman Library in partnership with FINRA Investor Education Foundation and the American Library Association bring you a program Smart Investing@your library.

Money gives people, both young and old, decision-making opportunities. Educating, motivating, and empowering children to become regular savers and investors will enable them to keep more of the money they earn and do more with the money they spend. Everyday spending decisions can have a far more negative impact on children's financial futures than any investment decisions they may ever make.

### BEGINNING AT THE END: DECIDING WHAT TO ACHIEVE

Setting goals is fundamental to learning the value of money. Setting long and short-term goals helps children learn to make responsible decisions, control gratification, and become responsible for themselves.
